P.A.C.E.

May 12th - August 18th

MODULE FOUR | FROM HERE TO THERE

Launch with Video Conference Call
August 25th, 1-3p, ET

leaders lab *Overview*

12 MONTHS | 10 LEADERS | 01 BIG CHANGE

The existing paradigm for responding to material poverty isn't working. The Lupton Center's Leaders Lab is a unique training experience built for innovative leaders who are willing to disrupt old patterns and create new possibilities.

The Leaders Lab is a year-long cohort that blends in-depth, group training and personalized coaching. It has been uniquely designed for leaders who are working to change the way charity is practiced in their church or organization. Participants bring one project or initiative with them to the Lab where they will *diagnose* its health, *cast vision* for a more effective approach, and *create a roadmap* for leading the change process.

The Lab is a community of 10 peers who will lead, learn, & innovate together. They will receive personalized support from The Lupton Center and get access to the training and the tools needed to equip them to effectively lead change.
